

Embrace your Future with I-Wheel Facilitator Training

Rob Kinslow, PMP

Helping organizations create sustainability conversations & cultivate positive change

Are you familiar with the work of Joel Barker and his transformative approach to foresight? Whether you are or not, you'll be excited to learn about the I-Wheel—an innovative tool for exploring the implications of possible future scenarios. Read on to discover why an I-Wheel facilitator could be a game-changer for you and improve your organizational resilience.

What is the I-Wheel?

The I-Wheel (Implications Wheel®) is a sophisticated, software-enhanced process designed to help groups map out the potential consequences of various changes. Whether it's innovations, emerging trends, mergers, regulations, strategic objectives, or unforeseen events, the I-Wheel helps you navigate the complex landscape of the future.

By systematically exploring first and second-order implications through a structured discussion, it uncovers connections that might otherwise remain hidden.

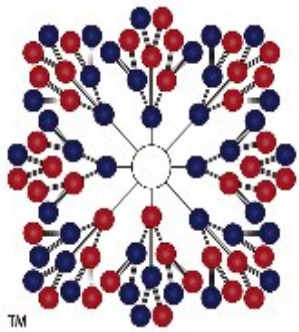

Who Should Become an I-Wheel Facilitator?

1. **Strategic Planners:** If you're involved in setting long-term goals and strategies for your organization, the I-Wheel can enhance your ability to foresee and prepare for future scenarios.
2. **Consultants:** For consultants, the I-Wheel provides a powerful tool to offer clients deeper insights and actionable foresight, enhancing the value of your consultancy services.
3. **Leaders in Innovation and R&D:** Those responsible for driving innovation within their companies will find the I-Wheel invaluable for anticipating market shifts and technological advancements.

Existing Organizational Users

1. **Corporate Strategy Teams:** Large corporations in sectors like manufacturing, retail, and energy use the I-Wheel to anticipate market changes and develop robust strategies.
2. **Religious and Community Organizations:** Catholic, Jewish, Methodist, and other religious institutions have already used it for strategic planning and addressing social issues.
3. **Educational and Social Issue Advocates:** Schools and organizations tackling issues like climate change, substance abuse, and diversity have successfully employed the I-Wheel to navigate complex challenges.
